SPA SERVICE DESCRIPTION

MASSAGES

The services below are offered for the necessary treatment of restoring balance and harmony to your body by releasing tension and stress through the massage techniques of our certified staff.

SWEDISH MASSAGE

The Swedish massage is a very relaxing light pressure massage using long gentle strokes over the entire body. This massage is a perfect escape that will leave you feeling pampered and rejuvenated.

DEEP TISSUE/SPORT MASSAGE

This massage is especially designed for individuals who work out vigorously. This advanced intense technique massages the muscles on a very deep level. This massage manipulates tight, sore muscles; releases built up toxins, increases circulation and restore balance to the body. It releases tension for overworked bodies and releases post-workout toxins.

LYMPHATIC DETOXIFICATION MASSAGE

This specific massage technique enhances the draining of the lymphatic system and clears the body of excess fluid and toxins. This technique is recommended for individuals suffering from allergies, acne, cellulite and edema.

PRE NATAL-POST NATAL MASSAGE

This massage technique can be used any time after the first trimester and is designed to safely massage areas that have tension due to pregnancy such as the lower back and the legs and feet and improve circulation. This massage is very helpful during post partum.

STONE THERAPY MASSAGE

Stone therapy massage comes from the Far East. The procedure uses gently heated polished stones that are placed on different energy points of the body. The pressure and strokes of the masseur simultaneously stimulates, relaxes and unlocks the body's energies. *Not recommended for pregnant women.

THAI (YOGA) MASSAGE

This is a special massage designed in the East with a blend of a Swedish type of massage and a concentration on application of pressure points of the body to release energy while being stretched with yoga movements and focus placed on breathing techniques. This is an interesting, different, enjoyable massage experience.

SHIATSU

An Eastern technique used from antiquity that applies pressure along the body's energy pathways and the use of stretching releases muscle tension, increases blood flow and generally re-balances your body.

REFLEXOLOGY

One of the most favored massages, this ancient oriental massage frees your body of anxiety and tension through the nerve zones of your feet, your therapist applies pressure to the feet and hands to release blockage and restore the free flow of energy to the entire body. Tensions are released and circulation is improved to correct the body's "imbalance" and promote enhanced well being.

BACK, SHOULDER, NECK MASSAGE

This massage concentrates on the neck, shoulders and back areas where most tension from stress builds up. It will make you feel relaxed and at ease and relieve stress and tension.

CRANIOSACRAL

The cranial sacral massage therapy is designed to concentrate on the head and neck of which balances the circulation of blood and cerebrospinal fluid to the head. *Recommended for individuals who suffer from headaches.

Essential Oil Enhancement

Choose one of our specially blended aromatherapy oils to make your massage a magically relaxing experience.

FACIAL SERVICES

The following treatments are designed to benefit and maintain healthy skin. They clean your pores, help reduce the appearance of aging, increase cellular regeneration, and leave your skin feeling smoother, tighter and fresh looking.

Skin Care Treatments

All facials begin with a thorough skin analysis to ensure that your treatment is personalized for your skin type. Each treatment focuses on the specific needs of your skin and includes a neck and shoulder massage. Our professionals will explain to you the most effective way to care for your skin and design an easy and effective home care program.

The Essential European Facial

This is the essential facial which includes a thorough cleansing, soothing steam, extraction, exfoliation, customized mask and an SPF moisturizer. The classic, Essential Facial creates the perfect foundation for on-going maintenance. Your skin will respond immediately with improved tone and texture.

DEEP COMPLEXION CLARIFYING FACIAL

This purifying treatment, customized for acne and other problematic skin types, begins with deep cleansing, which includes steam, extractions to eliminate impurities, and an antibacterial mask with to promote healing. Our high frequency, oil free moisturizer soothes and stabilizes the skin.

The Skin Lightening Facial

This hydroquinone-free treatment focuses on hyper-pigmentation caused by sun damage, freckles, pregnancy mask and age spots. Effective for all skin types, our natural products help prohibit the over production of melanin.

The Aromatherapy- Lymphatic Draining Facial

A calming and soothing treatment combines our essential oils with lymphatic drainage massage to release toxins. Relax your mind and set your spirit a drift with this deeply aromatic facial for all skin types.

Gentleman's Facial

A full service facial designed for men's skin.

This relaxing Gentlemen's Facial provides deep-pore cleansing, steam, extractions, a customized mask and SPF moisturizer. With a soothing massage of the shoulders and neck, this facial is recommended for all skin types.

YOUTH FACIAL

Our custom facial for clients under 18 begins with cleansing and steaming of the skin. We address all elements of early skin care and finish with the proper hydrating sunscreen.

VITAMIN C FACIAL

An anti-aging facial with the application of antioxidants and pure vitamin C that help renew the skin, smooth and brighten the complexion. It has been proven to help stimulate collagen growth and is ideal for mature and environmentally damaged skin. The facial is followed by a massage and mask.

GLYCOLIC PEEL

This anti-aging treatment improves the skin's condition by working on its elasticity and microcirculation. It diminishes the depth of fine lines and wrinkles, regulates the melanin production, clears micro cystic acne, restores skin's radiance and elasticity. It can be applied at any time of the year, even to the most sensitive skin with NO irritation, NO downtime and NO peeling. We recommend a series of 6 treatments to begin your transformation.

24K GOLD GLOW

Inspired by Yanna and beauty secrets of Queens from antiquity, Biojuvance has created the Yanna 24k Gold Facial, a breakthrough skin treatment that uses 24K pure gold serum as well as the 24K gold peel off masque. This is excellent for all skin types even for the most sensitive skin, giving back your natural glow. Ingredients include; water, 24 K Gold, Marine Elastin and Marine Collagen.

NON SURGICAL TREATMENTS

ALTERNATIVE TO BOTOX™

Marsopy- unique fusion of soy peptides & red marine firms & tightens the skin providing an instant wrinkle reducer with the presence of high moisture binding ingredients lines will become smooth. Contains 30% acetyl hexapeptide that is patented combination of amino acids. Engineered to relax wrinkles and mimicks the effect of Botox™ . Alternative to Botox™ is a transdermal formula due to the incorporation of CoQ10 system approved by the FDA which provides a cosmetic lift unlike any other products.

NO NEEDLE MESOTHERAPY

No –Needle Mesotherapy creates an extraordinary synergy that will firm the skin, tone the skin and muscles, eliminates pigmentation, and combats cellulite appearance from face and body. This will surely slow down the process of aging and enhance healthy and youthful skin.

ALTERNATIVE TO RESTYLANE™

This new scientific breakthrough in the beauty industry uses 100% Hyaluronic filling spheres. Hydration of the epidermis increases the depth of wrinkles and lines are reduced. Their smoothing effect results from the force exerted by swelling of spheres having penetrated the epidermis and the filling is what restores volume and restrict, muscle contractions.

MICRODERMABRASION

Ultrasonic Microdermabrasion creates dramatic results through skin resurfacing. This safe, non-chemical procedure deeply exfoliates the skin and stimulates the growth of healthy new cells. The result is fresher, younger looking skin and a noticeable reduction in the appearance of fine lines. A series of 6 is recommended.

ADD ON TREATMENTS

The following treatments compliment the above services.

Skin Treatment Boosters

Add a Booster to you facial to reveal a fresher, cleaner and younger looking complexion

OXYGEN MASK

This mask helps revitalize dull skin by oxygenating it. This treatment will give you a radiant glow and plump up the surface for a fresh appearance. For all skin types.

COLLAGEN REJUVINATION

This mask uses Yophilled Collagen. It is used for a short term moisture boost and a long term hydrating. While acting as an impressive ant-irritant for the skin, this mask features an improved release of active ingredients and absolute skin care compatibility. Used on all skin types.

EYE TREATMENT

The eye treatment can be added on to any other treatment. A collagen mask will exfoliate the area gently and will diminish the fine lines and wrinkles around the eye area, reduce dryness and revitalize tired looking eyes. The nourishing eye cream used is specially formulated to comfort and treat the fragile skin around the eye area. The nature sourced plant extracts help diminish puffiness and dark circles while promoting a more rested and youthful appearance. The eye treatment can also be added on to any other treatment. Used on all skin types.

ENZYME PEEL

The enzyme peel acts in three stages: absorption, elimination of dead skin cells by gentle enzymatic digestion, and skin lightening. The major difference between this peel and glycolic acid is this peeling attacks only dead cells while glycolic is more evasive attacking all cells. Another great peel to reduce the signs of aging and the appearance of enlarged pores.

Eyelash and Eyebrow Tinting

A safe and effective tint is applied to darken lashes and brows. Great for swimmers, contact lens wearers and those who don't want to wear mascara.

BODY TREATMENTS

Sea life concentrates are gathered from rocks anchored on the bottom of the Sargasses Sea, South of the Tropic of Cancer in France and used to revitalize the human body. The sea extends amino acids, glucides and lipids through algae. Combination of the essential oils and algae allows the body to absorb iodine, plankton and vital minerals while assisting in eliminating toxins. This leaves the body with a reduced cellulite appearance, minimized stretch marks and increases firmness and toning. So please indulge in what your body has been asking for all this time.

Seaweed Body Wrap

This restorative thermal wrap combines seaweed, nature's most effective detoxifying agent, with a blend of moisturizing essential oils. You'll relax in warmth as the heat from your body amplifies this intense mixture and gently assists your system in eliminating toxins. The treatment is completed with a hydrating lotion to restore moisture to your body.

Pure Plant Extract Body Wrap

This all natural calming treatment eliminates toxins and helps your body maintain its natural balance. This treatment can be customized as a cellulite reduction, slimming, toning, relaxing or energizing.

(Designed for clients who are allergic to seaweed)

Marine Body Clay Mud Wrap

This rich, enveloping ocean clay wrap reduces water retention and joint inflammation as it melts away toxins and soothes sore, tired muscles. Your entire body is left feeling relaxed and revitalized and your skin is remarkably soft and silky smooth.

Salt Glow

Essential oils are combined with Britany Coast sea salt and algae powder to thoroughly exfoliate, hydrate and detoxify your skin. As a final touch, customized body lotion is applied, leaving your skin feeling like satin. This is a great treatment to do prior to our body wrap.

CELLULITE FIGHTER WRAP

This is one of the most favored treatments by women. Along with the proper exercise routine and well balanced nutritional regimen, Infinity Spa recommends this treatment to help with the appearance of cellulite. This treatment uses algae, marine, and botanical extracts that are wrapped on y our body. This combination will help eliminate water retention, remove toxins, minimize fatty deposits and give your skin more elasticity and a smoother appearance.
